

STATEMENT OF OFFICER BEING RECALLED

NAME: SHARON EDWARDS

AGE: 64

OCCUPATION: Homemaker

I was appointed once and elected twice to the board of directors since 2000. I have had the responsibility and privilege of working as a public official for nearly seven years. I have learned a lot about being a director during my three terms. I've seen this Agency at its lowest just after the 1998 recall. Once appointed as a director I worked to rebuild the Agency through my service to the community. I would like to continue to serve on the board to see critical issues move forward with continued success.

Key milestones achieved by the board during my terms of office include

- Returned fiscal stability
- Grants and pledges totaling nearly \$2,000,000
- Completion of a Water Master Plan
- Completion of a Groundwater Resource Study

I would consider it a privilege to continue to serve on the board and continue to work to move the Agency forward.
